SUMMARY: The Food and Drug Administration (FDA) is proposing to issue an order under the Federal Food, Drug, and Cosmetic Act (the act) permanently debaring Mr. Mohammad Uddin from providing services in any capacity to a person that has an approved or pending drug product application. FDA bases this proposal on a finding that Mr. Uddin was convicted of a felony under Federal law for conduct relating to the regulation of a drug product under the act. This notice also offers Mr. Uddin an opportunity for a hearing on the proposal. The agency is issuing this notice in the **Federal Register** because all other appropriate means of service of the notice upon Mr. Uddin have proven ineffective.

SUPPLEMENTARY INFORMATION:**I. Conduct Related to Conviction**

On November 19, 1993, Mr. Uddin entered into a plea agreement to plead guilty to one count of obstruction of an agency proceeding. Based on this plea, the United States District Court for the District of Maryland entered judgment against Mr. Uddin on June 17, 1994, for one count of obstruction of an agency proceeding, a Federal felony offense under 18 U.S.C. 1505.

The underlying facts supporting this felony conviction, and to which Mr. Uddin stipulated in his plea agreement, are as follows:

Mr. Uddin was Assistant Vice President of Research and Development at Halsey Drug Co., Inc. (Halsey), during the period August 1987 through March 10, 1993. During an FDA inspection of Halsey on October 22, 1990, to determine Halsey's compliance with the act, Mr. Uddin was interviewed by FDA investigators. Although Mr. Uddin knew that Halsey had made three research and development (R&D) batches of sulfamethoxazole/trimethoprim (generic Bactrim), during the interview he told the investigators that these batches had not been made. He also told the investigators that he had made filing batches of generic Bactrim in both single and double strength dosage forms, when, in fact, he had not made the single strength batch. Mr. Uddin's false statements to FDA investigators obstructed FDA's inspection and audit of Halsey.

II. FDA's Finding

Section 306(a)(2)(B) of the act (21 U.S.C. 335a(a)(2)(B)) requires debarment of an individual if FDA finds that the individual has been convicted of a felony under Federal law for conduct relating to the regulation of any drug product. Mr. Uddin's felony conviction under 18 U.S.C. 1505 was for illegal conduct relating to the regulation of Halsey's drug product. His false statements to FDA investigators concerned matters that affect FDA's regulatory decisions about drug products. Under section 306(l)(2) of the act, mandatory debarment applies when an individual is convicted within the 5
